Table of Contents

Anthropometric Assessment Tools
- Height Estimation
- Estimating Frame Size
- Waist Circumference
- Waist-Hip Circumference Ratio
- Waist to Hip Ratio
- Ideal Body Weight Estimation
- Body Weight Adjustment

Determination of Nutritional Status
- Nutrition Screening Tools
- % Ideal Body Weight (IBW)
- % Usual Body Weight (UBW)
- % Weight Change
- Body Mass Index (BMI)
- Body Adiposity Index (BAI)
- Edmonton Obesity Staging System (EOSS)
- Bioelectrical Impedance Analysis (BIA)
- Body Fat Percentage Guidelines
- Physical Signs & Symptoms of Nutritional Deficiencies

Interpretation of Selected Laboratory Data
- Albumin
- Prealbumin
- Corrected Calcium
- Corrected Magnesium
- Acid Base Imbalance

Assessment of Nutritional Requirements
- Estimation of Energy Requirements
- Estimation of Protein Requirements
- Estimation of Fluid Requirements
- Dietary References Intakes
- DRI Reference Values: Vitamins
- DRI References Values: Elements
- DRI Reference Values: Macronutrients
- Vitamins and Minerals: Functions and Sources

Anatomy and Nutrition-Related Physiology
- Brain
- Cranial Nerves
- Swallowing Anatomy
- Appendicular Skeleton

Anatomy and Nutrition-Related Physiology (cont’d)
- Axial Skeleton
- Vertebral Column
- Heart
- Gastrointestinal Tract
- Intestinal Transit Times
- Bristol Stool Scale

Nutrition Support
- Assessing Route of Nutrition Support
- Enteral Nutrition (EN)
- EN Complications
- Management of Diarrhea
- Parenteral Nutrition (PN)
- PN Complications
- Weaning PN
- I.V. Solutions

Condition-Specific Information
- Aging
- Amyotrophic Lateral Sclerosis (ALS)
- Bariatrics
- Burns
- Cancer
- Cardiovascular Disease
- Celiac Disease
- Critical Care
- Dementia
- Diabetes Mellitus
- Dysphagia
- Gastrointestinal Disease
- Gout
- Human Immunodeficiency Virus (HIV)
- Liver Disease
- Metabolic Syndrome
- Osteoporosis
- Pregnancy
- Pressure Injury
- Refeeding Syndrome
- Renal Disease
- Stroke

Other Resources
- Complementary Alternative Medicine (CAM)
- Conversion Factors

Notes pages and references are included after each section and condition-specific subsection
