Date: February 23, 2024

Enquiry: Mary.Rozmanc@sunnybrook.ca Phone: (416) 480-6100 ext. 7384, mobile 416 277 0651
lorraine.mazeditmieusement@sunnybrook.ca Phone: (416) 480-6100 ext 61286

The single E-swabs that are used for specimen collection (e.g., VRE or CPE rectal swabs alone, wound, eye, ear, throat culture, etc.) are on back-order.

Single eSwab - SAP 333124 (SWAB NYL-FLOCK STER REG W/1ML-AMIES WHT) **part # 480C**

If you currently have single E-swab inventory, continue to use as per your current process.

If you have run out of single E-swabs, use the alternate, which is the double eSwab and discard the pink swab if not needed.

Double E-swab - SAP 455890 (APPLICATOR SWAB RGL 2 PLUS LQ AMIES 1ML) **part # 493CE02**

Double E-swabs will automatically be substituted for single E-swabs on supply carts stocked by Medical Stores. Outpatient and other areas without supply carts can utilize SRM to order SAP 455890 (double E-swab).

If you have any questions or concerns, please contact Mary Rozmanc, Manager, Clinical Chemistry, POCT and Specimen Management @ mary.rozmanc@sunnybrook.ca or Lorraine Maze dit Mieusement, Manager, IPAC @ lorraine.mazeditmieusement@sunnybrook.ca.
