

**If lullabies and tears of happiness are an everyday occurrence at Sunnybrook's Women & Babies Program, then you could be excused for thinking that today was just like any other.**

In fact, today was quite out of the ordinary. Eight brand new babies were serenaded by the Canadian Tenors; their young ears welcomed into a new world of bright, clear sounds by the beautiful harmonies of "*Nella Fantasia*."

The Canadian Tenors are partnering with Sunnybrook Foundation to raise awareness and funds in support of the Women and Babies Program through One Night Live™, Sunnybrook's annual charitable concert presented this year by Sun Life Financial..

One Night Live™ takes place on May 21, 2009, at the Air Canada Centre. Hosted by *Sex and the City*'s Chris Noth, the concert will feature international recording artists Sting, Sheryl Crow and, of course, the Canadian Tenors.
